Welcome To Montego Bay, Jamaica!

Montego Bay is second in population to Kingston with about 120,000 people and lies in the Parish of St. James on the northwest coast of the island.

Jamaica was once notorious for the buccaneers and swashbuckling pirates who made the island their home over 300 years ago, and lies 550 miles south of Florida – at the very heart of the Caribbean. Today, the island is famous for the unique appeal of its scenic and rugged interior – the Blue Mountains rise to well over 7,000 feet – combined with the unmatched beauty of dazzling tropical beaches bordering the blue-green water of the Caribbean Sea. Each year, more and more visitors from around the globe are attracted by the island’s magic, its history and its world-class facilities.

Several American and British airlines run their Caribbean hub in "MoBay" connecting the island with the U.S.A., England, Germany, and recently Canada with flights to Toronto. The Southern U.S. cities of Houston, Atlanta, Tampa, and Miami are reached by nonstop flights in less than three hours.

Montego Bay is known for its Duty Free shopping and cruise line terminal at its Freeport on a resplendent peninsula jutting into the bay. The bay is also surrounded by picturesque low mountains. The whole Island of Jamaica is quite mountainous, which culminates on the other end of the Island near Kingston in the 7,402ft Blue Mountains, renowned for the world’s best coffee.

So please come and enjoy Mo-Bay, as the locals call it. Say "COOL MON" and "SOON COME", and when you enjoy yourself you'll say "IRIE" which is the same as COOL or GREAT!
The Montego Bay Convention Centre

The Montego Bay Convention Centre is the Caribbean’s newest and finest offering to the convention industry. The Centre is conveniently located along the Elegant Corridor of Rose Hall, Montego Bay. It is close to over 4,000 luxury hotel rooms, a full service medical facility, local activities, 5 major shopping centres, 3 world-championship golf courses, restaurants, attractions and only 15 minutes drive from the Sangster International Airport.

The Montego Bay Convention Centre opened its doors in 2011 as the perfect venue for conventions, trade shows, banquets and theatre-style conferences. The centre was built as a response to a growing need for meeting and convention facilities on the Island of Jamaica. The centre was constructed by the Government of Jamaica in conjunction with The Export-Import Bank of China (China Exim Bank) and The Urban Development Corporation.

Soaring ceilings add volume to the 55,725 square feet of contiguous exhibit space, which accommodates general session setups and up to 260 exhibit booths. This space may be sectioned into two halls with separate loading entrances for simultaneous shows. Loading docks and direct drive-in access to each hall makes setup easy and efficient. Each section is equipped with its own concessionaire stand as well as floor bays for provision of power, data lines, water. Additionally, each section of the hall has attached office spaces for the meeting planners and internet kiosks for fast private browsing.

This spectacular facility sits on approximately 35 acres of land and boasts a superior list of amenities and features from wireless internet access to video-conferencing capabilities. The Centre provides conference attendees with advanced audio and video control systems.

From the spectacular views of the mountainous backdrops, the alluring ocean views and the rich history of the area to the superior amenities and features, the Montego Bay Convention Centre is a planner’s dream venue and is a sure way to guarantee your next great meeting, trade show, conference or major event.

The Montego Bay Convention Centre is also the home of The Jamaica Tourist Board (JTB), Jamaica Promotions Corporation (JAMPRO) and Tourism Product Development Coorporation (TPDCO).

Dunn's River Falls is one of Jamaica's national treasures. Globally, it is as well known as reggae and equally stimulating. The Spaniards called the area "Las Chorreras", the waterfalls or springs and it is truly one of the most beautiful spots on the island.

**Mystic Mountain**

The Rainforest Adventures park a Mystic Mountain in Ocho Rios is the heart and soul of the Jamaica rain forest activities! You'll have ample opportunities to put on your explorer’s hat and take your camera on a photo safari — this park takes you all the way from the seashore to 700 feet above sea level at the top of the mountain, stretching over 100 acres. This is one rain forest tour in Jamaica that will give your memory chip a workout it won't soon forget!

**Rose Hall Great House**

Rose Hall Great House is the best-known great house in the country and is an easy afternoon visit from Montego Bay. This was once the home of the notorious Annie Palmer, better known as the White Witch. Dead for more than a century, Annie Palmer still stirs memories of her reign as the mistress of the Rose Hall Great House. The Great House is but one of many attractions on the 4,000 acre Rose Hall Plantation, where romance is entwined in history.

**White Witch Golf Course**

Situated on the historic 4,000 acre Rose Hall Estate, and sited on 200 acres of lush greenery and rolling countryside, The White Witch Golf Course is carved from the rolling countryside of Jamaica’s historic Rose Hall Plantation and is an 18-hole championship golf course designed by Robert von Hagge and Rick Baril. This 6,758-yard, Par 71 treasure is named for the plantation’s beautiful but wicked 19th century plantation mistress, Ansee Palmer.
